

Instructions

To start:

All players start with ten white cards

The youngest person begins as the Card Czar, and plays a Black Card in the center of the table. The Card Czar reads the question or fill-in-the-blank phrase on the Black Card out loud.

Everyone else answers the question or fills in the blank by passing one white card, face down, to the Card Czar.

The Card Czar shuffles all of the answers and shares each card combination with the group. The Card Czar should usually re-read the Black Card before presenting each answer. The Card Czar then picks the funniest play/answer, and whoever submitted it gets the black card as a point.

The first one to obtain three black cards wins the game.
