

Instructions

All you need is: 2-6 players, a dice and a game chip for every player.

The youngest person starts. Roll the dice and move forward on the board. If you stop on a little dot, you give the dice to the person next to you and the game goes on. But if you stop on a green, red or blue dot, the person next to you will ask the numbered question to that dot. If you answer the question correctly, you will get as many points as the color of the spot gives. If you answer incorrectly, the dice goes to the next person and the game goes on. The winner of the game is the person, who has the most points after everyone is back in Helsinki, which is the starting and ending point of the game.

Points:

Green: 1 point

Red: 2 points

Blue: 3 points

The Answers

1. Seven.

Answer: the 12th century.

2. The Swan.

3. Sweden and Russia.

4. A Finnish zither.
